ASSIGNMENT

Title: Method and System for Training in an Adaptive Manner
Filed: March 29, 2001
Serial No.: 08/821,009
Inventors: R. Alan Whitehurst
Christopher L. Powell
Roger Webb

WHEREAS, R. Alan Whitehurst ("Whitehurst"), Christopher L. Powell ("Powell"), and Roger Webb ("Webb") are joint inventors of an invention or discovery referred to as the "Invention" which is described and claimed in the United States patent application ("Patent Application") identified above;

NOW, THEREFORE, in return for good and valuable consideration, receipt of which is hereby acknowledged, Webb does hereby sell, assign, and transfer unto iBtraining.com, Inc. ("IBT") all of his rights, title and interest in and to the following: (1) said Invention as described in the Patent Application, (2) the Patent Application, (3) any U.S. or foreign patent applications which claim priority to the Patent Application whether or not presently existing, (4) any U.S. or foreign patent applications which claim subject matter that is disclosed in the Patent Application, and (5) any letters patent issuing from any of said patent applications, and (6) all intellectual property (including patent rights, trade secrets and copyrights) in or to said Invention. Said assignment is without any geographic limitation and shall include the United States of America and all foreign countries. All rights, title and interest in said Invention, said patent applications, any Letters Patent issuing from said patent applications, and said intellectual property are to be held and enjoyed by IBT for its own use and behalf, and for that of its legal representatives and assigns, as fully and entirely as the same would have been held by Webb had this assignment not been made. IBT shall be free to assign, license or otherwise exploit said Invention, said patent applications, any Letters Patent issuing from said patent applications, and said intellectual property.

AND Webb does further agree to sign all papers, make all rightful oaths and do all requisite acts for the filing of any disclaimer or for the filing and assignment of any other patent application (including utility, divisional, continuing, continuation-in-part, reissue and foreign applications) based on the present patent application or said Invention. Any such other patent application is deemed to be part of the above assignment.

AND Webb does further represent and warrant that he has not executed or granted any assignment, license, covenant not to sue, or dedication to the public domain of any of said patent applications, the Invention, or said intellectual property, and that he has not otherwise granted any other rights which

would be inconsistent with IBT acquiring all right, title an interest in and to said patent applications, the Invention, and said intellectual property.

AND Webb does further agree to communicate to IBT, its successors, assigns or other legal representatives, such facts relating to said Invention as may be known to either of them, and to testify as to such facts in any prosecution, interference, enforcement proceeding or litigation related to the Invention.

This Assignment from Webb to IBT shall have an effective date of March 29, 2001.

IBT, in further satisfaction of obligations already subsisting between itself and The Canopy Group, Inc. ("Canopy") hereby assigns sells, assigns, and transfers unto Canopy the entirety of the rights it has acquired by execution of this document.

This Assignment from IBT to Canopy shall have an effective date of February 4, 2002.

Canopy, in further satisfaction of obligations already subsisting between itself and Geolux Communications, Inc. ("Geolux") hereby assigns sells, assigns, and transfers unto Geolux the entirety of the rights it has acquired by execution of this document.

This Assignment from Canopy to Geolux shall have an effective date of February 5, 2002.
